## CULINARY ARTS

Neverland is dishing up heaving portions of fun with Teacher Jana every Wednesday in our School Aged Program. With decades of experience as a restaurant owner, Jana continues to busy herself by sharing her secret recipes with these young chefs-in-the making.

## ANOTHER ONE RIDES THE BUS

From preschoolers to preteens, our friends at Neverland are having so much fun volunteering to pose in our school bus.

Many other CREATIVE ARTS projects are on the go and in the making from Music & Movement to Visual Arts & Prop Making, to Puppet Theatre & Performing Arts.

# FALL HIGHLIGHTS AT A GLANCE

## GETTING TO KNOW YOU

As summer ends, we are excited to launch this year's Preschool Program with many familiar and new faces in our classroom. This month, children are getting acquainted with their classmates and learning all about their daily routines as we transition into Fall.

## THIS REMEMBRANCE DAY

In honour of our fallen soldiers and their families, we are working on a special group project which will include the making of our MEMORIAL WREATHS and MUSIC that we will share with our neighbours next door at AUGUSTINE HOUSE.
