

# CAVITY CRUSHERS - A TEKYGO! GAME

Written by Lorrie Holmes

c. 2022

**INTRODUCTION:** This game features an adorable main story character, Natasha, a young monster who might look strange on the outside but is just as vulnerable as any little human girl.

As the intro to the first two scenes of this story unfolds, our gamers are drawn into the story of Natasha visiting the dentist and having to brush, floss, spray and blast away the sugar bugs to keep her mouth clean and cavity-free!

**NOTE:** A little boy's character can also substitute Natasha's character, and players can choose if they are Natasha or Jerome, the little boy. We can also substitute Mom for Dad.

Let's see if we can also pick up good teeth brushing habits while playing this fun game!

## SCENE 1

INT. DENTAL OFFICE—WAITING AREA - MID MORNING.

Natasha, an adorable young monster, sits beside her Monster mother, who is flipping through a magazine.

DR. TEKYGO! (holding a file)

Natasha. (BEAT) Is there a Natasha here?

NATASHA and MOM look up towards DR. TEKYGO! then back at each other.

CLOSE UP on NATASHA'S BIG, NERVOUS EYES.

MOM'S lips turn up into an encouraging smile.

DR. TEKYGO! looks at NATASHA first.

DR. TEKYGO!

Are you Natasha?

NATASHA (nods)

Uh-ha. (She whispers)

MOM (to Natasha)

You've got this. (She reassures)

MOM reaches out her hand. NATASHA takes it.

They follow DR. TEKYGO! through a door.

## SCENE 2

INT. DENTAL CHAIR.

NATASHA climbs up into the dental chair.

MOM sits beside her.

DR. TEKYGO! puts an apron around NATASHA'S neck, then sits in his seat and rolls it over towards her.

DR. TEKYGO!

Okay, I'm going to take a peek.

NATASHA takes a deep breath and allows DR. TEKYGO! to guide her head back onto the pillow as she opens her mouth.

DR. TEKYGO! grabs a tool with a mirror on it.

DR. TEKYGO!

Can you open wide?

NATASHA opens her mouth wider and...

REVEAL - BRIGHT LIGHT fills the screen as DR. TEKYGO!'s head comes closer, now revealing a light on his head.

CUT TO

INSIDE NATASHA'S MOUTH - CLOSE UP of some clean white teeth.

DR. TEKYGO!

Let's see what we have here.

Yes. Uh-ha.

DR. TEKYGO! pauses, then...

DR. TEKYGO!

Well, well... Who do we have here?

CUT TO:

CLOSE UP - SUGAR BUGS hiding behind her teeth.

DR. TEKYGO!

Okay. Okay.

We've got some SUGAR BUGS over here.

Luckily, we found them early.

No holes for them to hide in.

NATASHA

So no cavities?!

DR. TEKYGO!

That's right.

Not yet.

DR. TEKYGO! squeezes a generous amount of toothpaste onto a new toothbrush.

CUT TO: CLOSE UP of sugar bugs with worried looks on their faces.

REVEAL the toothbrush entering NATASHA'S mouth, brushing from side to side.

DR. TEKYGO! (V.O.)

The first line of defence in oral hygiene is brushing our teeth properly.

We can do this by brushing from side to side -

until every tooth is covered in minty green toothpaste.

If you do this twice daily, all the sugar bugs will disappear!
